

“Single Source Commercial Flooring”

Universal Metro is Southern California’s Floor Covering, Underlayment, and Moisture Mitigation Expert. For **30 years**, our team has built professional relationships in the healthcare, education, retail, automotive and the tenant improvement market segments. By use of our team members’ vast knowledge and experience, we excel in estimating, project management and product specifications, while providing the schedule driven quality installations that our clients require.

As a **single source** service provider, we offer a full-range of floor covering products. Our offerings include heat welded sheet vinyl, carpet, VCT, wood, ceramic tile and stone. Specialty services include moisture mitigation, substrate remediation, self-leveling, concrete and epoxy coatings, polished concrete, as well as low-profile raised access flooring. Universal Metro’s installation teams have been **certified** through many manufacturers’ training programs, including: ARDEX System One, ARDEX Level Master, ARDEX MC Moisture Control System, Forbo Master Mechanic, nora® Technical Academy, Armstrong Certified Installer Program, Altro Safety Floors, Mondo Contract Flooring, KOSTER Waterproofing Systems, Spray-Lock Adhesives, Creteseal CS2000, and Collins and Aikman Powerbond® Carpet.

Our work ranges from: the highly stringent Healthcare Environment (complex **OSHPD** and **infection control**), Tenant Improvement Remodels, New Construction, LEED or Green Projects, Retail Stores, Automotive Industry, Entertainment Sector, and Education Markets. Our knowledgeable project management and installation teams understand the importance of on-time and hassle-free installations. Personnel are trained and credentialed. Our professional memberships include; Starnet, CSHE, ASHE, FCICA, WFCFA, and the National Tile Contractors Association.

Universal Metro understands the importance of providing honest practices and fierce determination in getting the job done right for our **clients**.
